

Liberty family,

We wanted to give you a quick update about Liberty's response to the coronavirus situation and the steps that we will be taking over the coming weeks. Due to the CDC's recommendation of gatherings that are no larger than 10 people, we will be cancelling all worship services, youth ministries, and children's ministries until at least April 10th. Since things are changing quickly all around us, we will be continually monitoring the guidelines that the government is presenting and will adjust accordingly.

In the next couple days, we will be sending out information of ways our church will provide opportunities to worship together while we're apart. The Elders greatly appreciate your prayers as we continue to navigate these changing times, while still desiring to be light for Christ. We know that God is still in control and we look to Him in these uncertain times.

In Christ,

The Elders at Liberty EFC
